EXECUTIVE SUMMARY - NONELECTION YEAR 2003

The Campaign Finance and Public Disclosure Board is charged with the administration of the Ethics in Government Act, Minnesota Statutes Chapter 10A. Each year the campaign committees for Constitutional offices (Governor, Attorney General, Secretary of State, State Auditor), Senators, Representatives, and Judges are required to disclose financial campaign activity. Disclosure is also required by campaign committees of nonofficeholders. Nonofficeholders are individuals who were candidates in previous elections or who have registered campaign committees for the 2004 or 2006 elections. Political party units, political committees, and political funds that attempt to influence state elections are also required to disclose financial campaign activity.

Data from filed reports is compiled and included in an annual summary. The 2003 summary also reports financial campaign activity disclosed by candidates in one special election. Campaign information filed by officials and candidates includes cash balances, contributions received, and expenditures made (pages 6 through 34). Data in the summary was compiled as of April 20, 2004. The data has not been verified or audited.

Officeholders reported cash balances of \$1,570,851 as of December 31, 2003. This figure is compared with 1999 and 2001 on page 4. State House of Representative campaign committees report \$1,105,437 available to begin the 2004 election year. Constitutional office candidates report \$770,716 and State Senate campaigns report \$815,981 cash on hand.

All campaigns reported receiving contributions of \$2,551,197 million during 2003; \$2,071,348 of which was received by 748 Senate and House of Representative campaigns; 41 Constitutional office candidates received \$479,849. The names of donors who contribute in excess of \$100 to principal campaign committees are listed beginning on page 35.

Campaign expenditures of \$1,175,816 were made by legislative, and constitutional office candidate committees during 2003. Most candidates voluntarily agree to limit campaign expenditures in order to receive public subsidies. These subsidies include direct payments to eligible candidates during election years and participation in the Political Contribution Refund (PCR) program. The PCR program allows campaign contributors to receive up to \$50 per year from the State as a refund of contributions made. Contributions made to qualifying political party units also qualify for refund under the PCR program.

The summary includes selected data from reports filed by principal campaign committees, political party units, political committees and political funds.

The final section lists the names of donors who have contributed more than \$1,000 during 2003 (page 89).
